## Summary

Associated IT student with advanced Application development skills seeking an internship position. Worked as a Butcher's Assistant and Computer Manager for Percy Butchery. I would liaise with customers and manage the business's computer system. I have studied computer science and application development for 3 years as well as creating many applications and databases during my studies. I have saved my projects so I can learn and improve on them continuously. I am dedicated to my work and will always strive to ensure that my work is done at the highest quality before the deadline.

## Experience

### Butcher's Assistant

Percy 's  Butchery • Ladysmith
06/2018 - 12/2018

I worked at Percy Butchery over my holidays and days off in order to gain work experience. I would communicate directly with customers to process their orders. I managed the business's computer system, fixing errors, functioning as general IT and troubleshooting any system issues. After 7 months of working at the butchery, I decided to focus on my academic career and continued my studies.

## Skills

Time Management, Computer Literacy, Communication Skills, Research Information, Collaboration, Coordination, Problem Solving

## Education

### Bachelor of Computer Science and Application Development

Varsity College • Cape Town

12/2023

Attended Ladysmith High School in 2016 and completed High School in 2020, attaining a Bachelors pass. Beginning of 2021 attending Varsity College and starting my course - Bachelor of Computer Science and Application Development. Programming, Network Engineering, Software and Cloud Development were the main modules being focused on during my studies. Attained moderate academic record, linked and saved all projects to GitHub and attained a set of high skills in coding with different coding languages. Expected to graduate late 2023
